WORK EXPERIENCE

Back-end Developer

Rapifuzz Pvt Ltd

09/2022 - Present

Gurugram, Haryana, India

Achievements/Tasks

- ▣ **Backend Development:** Designed and implemented scalable backend applications and secure REST APIs using Python, Django, Django Rest Framework (DRF), PostgreSQL, and Burp Suite. Ensured compliance with OWASP 2019 security standards by developing business logic and integrating robust security measures to protect against vulnerabilities.
- ▣ **Jira & Postman Integration:** Implemented Jira integration within the cybersecurity product to automate ticket creation for vulnerabilities, streamlining tracking and removing the need for users to access Jira directly. Leveraged Postman for comprehensive API testing and automation, enhancing overall development efficiency and accuracy.
- ▣ **Log Encryption:** Implemented robust log encryption mechanisms to secure and maintain the integrity of application logs, ensuring protection against unauthorized access and data breaches..
- ▣ **GraphQL API Discovery:** Spearheaded the discovery and analysis of GraphQL APIs by reading schema files and parsing SDL (Schema Definition Language) files to ensure secure and efficient API operations.
- ▣ **OWASP Compliance:** Designed and integrated secure REST APIs by implementing business logic in accordance with OWASP test cases. Followed comprehensive OWASP guidelines to ensure robust security measures and protect products from vulnerabilities.

Full Stack Python Developer

Realcoderz Technology Pvt Ltd

07/2021 - 08/2022

Noida,, U.P, India

Achievements/Tasks

- ▣ Developed and maintained a Learning Management System (LMS) similar to Udemy, using Python, Django, DRF, React, and MySQL.
- ▣ Contributed to the **Skillbuilder** project, creating modules for SuperAdmin, Instructor, and Learner roles.
- ▣ Implemented and managed RESTful web services, developed repository and service layers, and conducted debugging to resolve issues.
